

Introducing The Chaplain Connection: The Powerful New Tool for Chaplains

The Chaplain Connection is a dynamic online community and interactive resource to inform, support and enhance your practice.

The Chaplain Connection:

- Connects you with like-minded chaplains worldwide
- Keeps you up to date on literature affecting the field
- Offers a valuable source of free and discounted continuing education
- Creates networking opportunities
- Provides access to mentoring and professional consult/debriefing services

Americans Want Spiritual Care Included in Their Health Care

- Patient visits by professional chaplains during the course of the hospital stay lead to increased scores on the patient satisfaction surveys HCAHPS and Press Ganey, and can have positive fiscal consequences.
- Research studies show that the majority of Americans say that spirituality, in some form, should be an important consideration in their health care. Yet 72 percent of patients in a study note their spiritual needs were minimally or not supported.
